Pop-ups

300+

Diya Innovations hosts strategic pop-ups to drive both social sensitization and sustainable livelihood creation. Our goal is to counter stigma by showcasing the exceptional craftsmanship of artisans with intellectual disabilities. This initiative is crucial, as it addresses their economic exclusion.

Hosting us allows your employees to 'buy social,' directly translating their purchases into a reliable, dignified income. This partnership creates a visible, positive impact that enriches your company culture and demonstrates support for community economic independence.

The Inclusion Lab: A Hands-on Masterclass by Diya Innovations

Most diversity training stays in the boardroom. Ours happens at the workbench.

Diya Innovations brings our workshop to your office, offering a high-impact experience where your team works side-by-side with our gifted artisans. This isn't just a craft session; it's a masterclass in Inclusion through Action.

The Experience: Side-by-Side Crafting

We bring the tools, the materials, and the experts. Your employees will learn to sand, stitch, or print alongside our artisans, shifting the perspective from "sympathy" to shared skill.

By working together, your team witnesses firsthand how "disability" disappears when a process is thoughtfully designed.

The Strategy: How Potential is Reached

Our workshop sensitizes your workforce by demonstrating the ***Architecture of Capability***:

- **The Art of the Task:** Learn how our artisans reach complex goals by breaking them down into manageable, masterful steps—a lesson in efficiency for any corporate team.
- **Active Sensitization:** Move beyond theory. By learning from our artisans, your team gains a deep, lived understanding of what true inclusion looks like in practice.
- **Building Empathy, Not Pity:** Experience how an environment built for unique abilities fosters a more resilient, patient, and collaborative corporate culture.

Don't just discuss inclusion. Invite it into your office.

Testimonials

We will continue our business with Diya Innovations for their professionalism and their social stand. #buysocial is a good way to give back, especially when Diya Innovations makes it so easy and attractive.

Our association with social enterprises such as Diya Innovations is a part of our commitment to inclusive growth. Creating employment opportunities for the differently abled is vital to helping them earn dignified livelihoods, realize their full potential, and contribute to the development of self and society. These gifts are not only a humble gesture of support, but also a reminder of our larger responsibility towards the underprivileged.
